

LAKESIDE PRESBYTERIAN CENTER FOR CHILDREN

Join us for 8 weeks of exploration, creativity and fun!
Space is limited.

June 12-16 and August 7-11: San Francisco Tots

Join the coaches from San Francisco Tots for a week of soccer and a week of baseball. We will learn exercises, drills, and play one-on-one or two-on-two. We hope to offer soccer and baseball at Rolph Nicols Park.

June 19-23 and June 26-30: The Art of Animation

In this two-week session, we will be working in small groups to create our own stop motion animated shorts. We will learn about the animation process, including storyboarding, developing characters and plots and filming and editing.

July 10-14 and July 17-21: Famous Art and Artists

During this two-week session, we will be looking in-depth into the work and life stories of some of the most renown and beloved artists in the world. We will be learning their techniques and creating inspired pieces, which will culminate in a comprehensive portfolio.

July 24-28 and July 31-August 4: Maker Camp

In this two-week session, we will become inventors, designers and tinkerers. We will be using the principles of science, technology, engineering, art and math (STEAM) as well as design thinking to make prototypes of toys and games.

Camp is open 8:30-12:30. Extended care is available 7:30-8:30 and 12:30-5:30. For prices and enrollment, please inquire the office. (415) 564-5044 or celia@lakesidechildrencenter.org
